

REMARKS

Claim 4 is in this application. Claims 1-3 have been cancelled. Claim 4 has been added.

Support for Claim 4 is found throughout the specification including the Description of the Summary of the Invention on pages 2-3.

In view of the cancellation of Claims 1-3 and the addition of Claim 4, the objections to the claims and the rejection as to lack of indefiniteness are moot.

Therefore, it is submitted that the present application is in condition for allowance and favorable consideration is respectfully requested.

Respectfully submitted,
